ART EXHIBITION

November 2015 – January 2016

SNOW CITY ARTS

Snow City Arts provides one-on-one arts education workshops in Creative Writing, Theatre, Media Arts, Music, and the Visual Arts to children and youth in four Chicagoland hospitals. Our professional Teaching Artists deliver a holistic, rigorous, and standards-based arts curriculum that can be easily differentiated to meet each student's unique needs and interests. Workshops occur bedside or in our Idea Labs, which are medical free rooms on the pediatric floor dedicated to arts education, and resultant learning is thoroughly documented in a custom-built database. Our current hospital partners include: Ann & Robert H. Lurie Children's Hospital of Chicago, Rush University Medical Center, Children's Hospital University of Illinois, and John H. Stroger Jr. Hospital of Cook County.

For more information, please visit www.snowcityarts.org or call 312.942.6991.
